Huntington, Utah 84528

Dear Mr. Childs:

Re: Approval, New Crusher Facility, Genwal Coal Company
Incorporated, Crandall Canyon Mine, ACT/015/032-90J,
Folder #3, Emery County, Utah

The Division has reviewed the plans submitted on December 12, 1990 for installing a new crushing facility at the Crandall Canyon Mine.

The submittal was found to be adequate for approval by Randy Harden, Sr. Reclamation Engineer and Priscilla Burton, Reclamation Soils Specialist, of the Division's Technical Staff. The Manti-La Sal National Forest was also consulted.

The Division hereby approves the above referenced amendment.

Please be advised that Section 3.3.9 of your Mining and Reclamation Plan will now need to be revised to address the temporary storage of underground development waste. (See attached Memo from Priscilla Burton.)

Twelve (12) copies of the crusher facility amendment, as well as revised Section 3.3.9 must be submitted to the Division by February 10, 1991. If you have any questions, please call me or Priscilla Burton at 538-5340.

Sincerely,

Daron R. Haddock
Permit Supervisor
